Benefits of undertaking an internship can include:

- Good internship helps students in standing out and look special.
- Helps to develop a network of professional contacts which is useful for future references.
- Learning new work skills and gain tremendous experience.

Entry requirements

English Language	Entry requirements vary between institutions, and according to the level of English language course you want to study.
School	Entry requirements vary between schools depending on the state or territory you will be studying in. Academic performance and ability is considered during the application process.
Vocational education & training	In most cases there are no entrance exams for institutions. However, some courses may have specific prerequisite subjects or work experience requirements.
Higher Education Undergraduate	To gain entry into a New Zealand undergraduate course you will need to have a Senior Secondary Certificate of Education (Year 12), or the overseas equivalent. Apart from this it is recommended to have SAT (for NUS & NTU) and IELTS with min. of 6.0 scores for all undergraduate courses. Other courses may also have specific prerequisite subjects and exams.
Higher Education Postgraduate	As well as the satisfactory completion of at least one degree at undergraduate level, your institution may take research ability or relevant work experience into consideration. Generally Either GRE or GMAT (for NUS & NTU) and IELTS with min. of 6.0 scores is required to secure admissions for PG degree programs. Further Some courses may require some specific Subjects also.

Options After graduation

After graduation, students can stay in country for work or higher study. To work there students have to apply for work visa and for higher study they have to apply for student visa. However, students can move to another country too for employment or higher studies. For PR students have to stay in New Zealand at least for 5 years.
